

### Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830 and according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Date of issue: 07/03/2011 Revision date: 09/09/2021 Supersedes: 05/08/2021 Version: 3.1 DLM-270

SECTION 1: Identification of the sub	stance/mixture and of the company/undertaking	
1.1. Product identifier		
Product form	: Substance	
Substance name	: DECANOIC ACID (D19, 98%)	
EC-No.	: 206-376-4 (Unlabeled)	
CAS-No.	: 88170-22-3	
Product code	: DLM-270	
Formula	: CD3(CD2)8COOH	
Synonyms	: Capric acid / Acid C10	
1.2. Relevant identified uses of the subs	tance or mixture and uses advised against	
1.2.1. Relevant identified uses		
Main use category	: Professional use	
Industrial/Professional use spec	: For professional use only	
1.2.2. Uses advised against		
No additional information available		
1.3. Details of the supplier of the safety	data sheet	
Cambridge Isotope Laboratories, Inc. 50 Frontage Road Andover, MA 01810 USA		
USA: 1-800-322-1174 Int: 1-978-749-8000 cilsales@isotope.com www.isotope.com		
Emergency telephone number		
Emergency numbers:		
Chemtrec: 1-800-424-9300 (24 hours) International: 1-703-741-5970 (24 hours)		
SECTION 2: Hazards identification		
2.1. Classification of the substance or m	ixture	
Classification according to Regulation (EC) No. 1272/2008 [CLP]		
Skin Irrit. 2 H315		
Eye Irrit. 2 H319		

Eye Irrit. 2 H319 STOT SE 3 H335

Full text of hazard classes and H-statements : see section 16

## Classification according to Directive 67/548/EEC [DSD] or 1999/45/EC [DPD]

Xi; R36/37/38 Full text of R-phrases: see section 16

#### **GHS-US** classification

Skin Irrit. 2 H315 Eye Irrit. 2A H319 STOT SE 3 H335 Full text of H statements : see section 16

Adverse physicochemical, human health and environmental effects

No additional information available

Safety Data Sheet according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830 and according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

2.2. Label elements	
Labeling according to Regulation (EC) N	lo. 1272/2008 [CLP]
Hazard pictograms (CLP)	
Signal word (CLD)	GHS07
Signal word (CLP) Hazard statements (CLP)	<ul> <li>Warning</li> <li>H315 - Causes skin irritation</li> <li>H319 - Causes serious eye irritation</li> <li>H335 - May cause respiratory irritation</li> </ul>
Precautionary statements (CLP)	<ul> <li>P261 - Avoid breathing dust, mist.</li> <li>P264 - Wash both hands thoroughly after handling.</li> <li>P271 - Use only outdoors or in a well-ventilated area.</li> <li>P280 - Wear eye protection, face protection, protective clothing, protective gloves.</li> <li>P302+P352 - IF ON SKIN: Wash with plenty of water.</li> <li>P304+P340 - IF INHALED: Remove person to fresh air and keep comfortable for breathing.</li> <li>P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.</li> <li>P312 - Call a POISON CENTER or doctor if you feel unwell.</li> </ul>
GHS-US labeling	
Hazard pictograms (GHS-US)	
Signal word (GHS-US)	GHS07 : Warning
Hazard statements (GHS-US)	<ul> <li>H315 - Causes skin irritation</li> <li>H319 - Causes serious eye irritation</li> <li>H335 - May cause respiratory irritation</li> </ul>

Prist-aid measures after skin contact       Wash with soap and plenty of water. Consult a physician.         First-aid measures after eye contact       Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.         All measures after ingestion       Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult physician.         All measures after ingestion       May be harmful if inhaled. May cause respiratory tract irritation.         Symptoms/effects after inhalation       May be harmful if inhaled. May cause respiratory tract irritation.         Symptoms/effects after sign contact       May be harmful if absorbed through the skin. Causes skin irritation.         Symptoms/effects after sign contact       May be harmful if assorbed through the skin. Causes skin irritation.         Symptoms/effects after sign contact       Causes serious eye irritation.         Symptoms/effects after sign contact       May be harmful if assorbed through the skin. Causes skin irritation.         Symptoms/effects after sign contact       Sub able medical attention and special treatment needed         No additional information available       Seccriton 5. Firefighting measures         5.1       Extinguishing media       Suitable extinguishing agents: Carbon dioxide, extinguishing powder or water spray. Figl larger fires with water spray or alcohol resistant foam.         5.2       Special hazards arising from the substance or mixture       No additional information available	3.2. Mixtures	
4.1.       Description of first aid measures         First-aid measures general       : Move out of dangerous area. Consult a physician and show this safety data sheet.         First-aid measures after inhalation       : If breathed in, move person to fresh air. If not breathing, give artificial respiration. Consult physician.         First-aid measures after ishic contact       : Wash with scap and plenty of water. Consult a physician.         First-aid measures after isingestion       : Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult physician.         4.2.       Most important symptoms and effects, both acute and delayed         Symptoms/effects after sin contact       : May be harmful if inhaled. May cause respiratory tract initiation.         Symptoms/effects after sin contact       : May be harmful if absorbed through the skin. Causes skin irritation.         Symptoms/effects after sin contact       : Causes serious eye irritation.         Symptoms/effects after sin contact       : May be harmful if absorbed through the skin. Causes skin irritation.         Symptoms/effects after sin contact       : Wash with water series or alconder setting as a set in irritation.         Symptoms/effects after sin contact       : May be harmful if suallowed.         4.3.       Indication of any immediate medical attention and special treatment needed         No additional information available       : Suitable extinguishing media         Stable extinguishing media	Not applicable	
First-aid measures general       : Move out of dangerous area. Consult a physician and show this safety data sheet.         First-aid measures after inhalation       : If breathed in, move person to fresh air. If not breathing, give artificial respiration. Consult physician.         First-aid measures after skin contact       : Wash with scap and plenty of water. Consult a physician.         First-aid measures after ingestion       : Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult physician.         First-aid measures after ingestion       : May be harmful if inhaled. May cause respiratory tract irritation.         Symptoms/effects after is skin contact       : May be harmful if absorbed through the skin. Causes skin irritation.         Symptoms/effects after is skin contact       : May be harmful if absorbed through the skin. Causes skin irritation.         Symptoms/effects after is skin contact       : May be harmful if absorbed through the skin. Causes skin irritation.         Symptoms/effects after is skin contact       : May be harmful if suallowed.         4.3.       Indication of any immediate medical attention and special treatment needed         No additional information available       : Suitable extinguishing agents: Carbon dioxide, extinguishing powder or water spray. Figl larger fires with water spray or alcohol resistant foarn.         5.1.       Extinguishing media       : Figlit fire with normal precautions from a reasonable distance. Wear a self contained bre apparatus. Do not enter fire area without proper protective equipment, i	SECTION 4: First aid measures	
First-aid measures after inhalation       : If breathed in, move person to fresh air. If not breathing, give artificial respiration. Consult physician.         First-aid measures after eye contact       : Wash with scap and plenty of water. Consult a physician.         First-aid measures after eye contact       : Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.         First-aid measures after eye contact       : Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.         4.2.       Most important symptoms and effects, both acute and delayed         Symptoms/effects after inhalation       : May be harmful if inhaled. May cause respiratory tract irritation.         Symptoms/effects after eye contact       : Causes serious eye irritation.         Symptoms/effects after inhalation and important symptoms and effects, both acute and delayed       Symptoms/effects after inhalation         Symptoms/effects after eye contact       : Causes serious eye irritation. ### Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830 and according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available
Explosion limits	: No data available
9.2. Other information	
No additional information available	
SECTION 10: Stability and reactivity	
10.1. Reactivity	
No additional information available	
10.2. Chemical stability	
Stable if stored under recommended conditions.	
10.3. Possibility of hazardous reactions	
No additional information available	
10.4. Conditions to avoid	
No additional information available	
10.5. Incompatible materials	
Bases, Reducing agents, Oxidizing agents.	
10.6. Hazardous decomposition products	
Carbon oxides (CO, CO2).	

#### **SECTION 11: Toxicological information** Information on toxicological effects 11.1. Acute toxicity : Not classified DECANOIC ACID (D19, 98%) (88170-22-3) LD50 oral rat > 10000 mg/kg Skin corrosion/irritation : Causes skin irritation. Skin - rabbit - Skin irritation - 24 h Serious eye damage/irritation : Causes serious eye irritation. Respiratory or skin sensitization : Not classified Germ cell mutagenicity Not classified : Carcinogenicity : Not classified Reproductive toxicity : Not classified Specific target organ toxicity - single exposure : May cause respiratory irritation. Specific target organ toxicity - repeated : Not classified exposure Aspiration hazard : Not classified Potential Adverse human health effects and : This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be symptoms construed as guaranteeing any specific property of the product. Symptoms/effects after inhalation : May be harmful if inhaled. May cause respiratory tract irritation. : May be harmful if absorbed through the skin. Causes skin irritation. Symptoms/effects after skin contact Symptoms/effects after eye contact : Causes serious eye irritation. Symptoms/effects after ingestion : May be harmful if swallowed.

SECT	ION 12: Ecological information		
12.1.	Toxicity		
Ecology	/ - general	: The product is not considered harmful to aquatic organisms or to cause long-term adverse effects in the environment.	9
12.2.	Persistence and degradability
