SECTION 4: First aid measures	
4.1. Description of first aid measures	
First-aid measures general	: If medical advice is needed, have product container or label at hand. Call a physician immediately. Evacuate danger area.
First-aid measures after inhalation	: Remove person to fresh air and keep comfortable for breathing. If not breathing, give artificial respiration. Call a doctor.
First-aid measures after skin contact	: Rinse skin with water/shower. Take immediately victim to hospital. Remove/Take off immediately all contaminated clothing. If skin irritation occurs: Get medical advice/attention.
First-aid measures after eye contact	: Immediately flush eyes thoroughly with water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
First-aid measures after ingestion	: Do not induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth. Call a physician immediately.
4.2. Most important symptoms and ef	fects, both acute and delayed
Symptoms/effects after inhalation	: Toxic if inhaled.
Symptoms/effects after skin contact	: Toxic in contact with skin.
Symptoms/effects after eye contact	: Causes serious eye irritation.
Symptoms/effects after ingestion	: Toxic if swallowed.

Treat symptomatically.         SECTION 5: Firefighting media         5.1. Extinguishing media         Suitable extinguishing media         : Do not use a heavy water stream.         5.2. Special hazards arising from the substance or mixture         Fire hazard       : Highly flammable liquid and vapour.         Reactivity       : Vapors may form flammable mixture with air. Highly flammable liquid and vapour.         5.3. Advice for firefighters         Firefighting instructions       : Do not enter fire area without proper protective equipment, including respiratory protection.         Protection during firefighting       : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. Wear recommended personal protective equipment.         Other information       : Use water spray to cool exposed surfaces.         SECTION 6: Accidental release measures       6.1. Protective equipment : Do not attempt to take action without suitable protective equipment. For further information		
refer to section 8: "Exposure controls/personal protection".		
6.2. Environmental precautions		
Prevent entry to sewers and public waters. Do not allow to enter drains or water courses. Avoid release to the environment.		
6.3. Methods and material for containment and cleaning up		
For containment : Dike and contain spill.		
Methods for cleaning up : Take up liquid spill into absorbent material. Notify authorities if product enters sewers or publi waters. This material and its container must be disposed of in a safe way, and as per local legislation.		
Other information : Dispose of materials or solid residues at an authorized site.		
6.4. Reference to other sections		
For further information refer to section 13.		
SECTION 7: Handling and storage		
7.1. Precautions for safe handling		
<ul> <li>Precautions for safe handling</li> <li>Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Ground/bond container and receiving equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Flammable vapors may accumulate in the container. Use explosion-proof equipment. Wear personal protective equipment. Do not breathe dust, fume, gas, spray, vapors, mist. Do not get in eyes, on skin, or on clothing. Use only outdoors or in a well-ventilated area.</li> </ul>		
Hygiene measures       : Avoid contact with skin, eyes and clothing. Wash hands before breaks and immediately after handling the product. Wash contaminated clothing before reuse. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.		
7.2. Conditions for safe storage, including any incompatibilities		
Technical measures : Ground/bond container and receiving equipment. Store in a well-ventilated place. Keep container tightly closed. Store locked up.		
conditions : Store at room temperature away from light and moisture.		
7.3. Specific end use(s)

8.2. Exposure controls		

Appropriate engineering controls

: Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.

Personal protective equipment

: Gloves. Protective clothing. Protective goggles. Self-contained breathing apparatus.

Materials for protective clothing	: Wear suitable protective clothing and gloves.
Hand protection	: Wear suitable protective clothing and gloves.
Eye protection	: Wear eye protection. Chemical goggles or face shield with safety glasses.
Skin and body protection	: Wear suitable protective clothing, gloves and eye/face protection.
Respiratory protection	: In case of inadequate ventilation wear respiratory protection. Approved supplied air respirator.
Environmental exposure controls	: Avoid release to the environment.
