### 3.2. **Mixtures**

Not applicable SECTION 4: First aid measures **Description of first aid measures** 4.1. First-aid measures general : Move out of dangerous area. Consult a physician and show this safety data sheet. If breathed in, move person to fresh air. If not breathing, give artificial respiration. Consult a First-aid measures after inhalation physician. First-aid measures after skin contact Choose body protection according to the amount and concentration of the dangerous substance at the work place. First-aid measures after eye contact Flush eyes with water as a precaution. First-aid measures after ingestion Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician. 4.2. Most important symptoms and effects, both acute and delayed : May be harmful if inhaled. May cause respiratory tract irritation. Symptoms/effects after inhalation Symptoms/effects after skin contact : May be harmful if absorbed through skin. May cause skin irritation. Symptoms/effects after eye contact : Contact may cause eye irritation. Symptoms/effects after ingestion : May be harmful if swallowed 4.3. Indication of any immediate medical attention and special treatment needed No additional information available SECTION 5: Firefighting measures **Extinguishing media** 5.1. Suitable extinguishing media : Use water spray, alcohol-resistant foam, dry chemical, or carbon dioxide. Special hazards arising from the substance or mixture 5.2. No additional information available 5.3 Advice for firefighters Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidental release measures Personal precautions, protective equipment and emergency procedures 6.1. 6.1.1. For non-emergency personnel Emergency procedures Use personal protective equipment. Avoid dust formation. Avoid breathing dust. Ensure adequate ventilation.

### 6.1.2. For emergency responders

No additional information available

| 6.2.                                       | Environmental precautions                                 |  |  |
|--|---|--|--|
| Prevent entry to sewers and public waters. |   |  |  |
| 6.3.                                       | 6.3. Methods and material for containment and cleaning up |  |  |
| For con                                    | tainment  | : Sweep up and shovel. Keep in suitable, closed containers for disposal. |  |

| SECTION 16: Other information |  |
|-------------------------------|--|
| Other information             | : This product is not radioactive. The data given for this product are those of the corresponding unlabeled compound, unless specifically indicated otherwise. Health and safety data for labeled compounds are generally not available, but are assumed to be similar or identical to the corresponding unlabeled compound. |
| NFPA health hazard            | : 0 - Materials that, under emergency conditions, would offer no hazard beyond that of ordinary combustible materials.   |
| NFPA fire hazard              | : 0 - Materials that will not burn under typical fire conditions, including intrinsically noncombustible materials such as concrete, stone, and sand.  |
| NFPA reactivity               | : 0 - Material that in themselves are normally stable, even under fire conditions.   |
| Hazard Rating                 |  |
| Health                        | : 0 Minimal Hazard - No significant risk to health   |
| Flammability                  | : 0 Minimal Hazard   |
| Physical                      | : 0 Minimal Hazard   |

### CIL Substance SDS

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product
